

NOAH PERCH-AHERN to speak at Braving the New Industrial Storm Water Regulations Please Join Us!

Estimates indicate that 70,000 to 100,000 additional industrial facilities in California will be required to comply with the new Industrial General Permit (IGP) regulations by July 2015. These facilities will be required to make their compliance documentation publicly available on the internet. If you are one of these facilities, the time to begin planning for July 2015 is NOW.

Join us to learn:

- 2015 Storm Water Regulations and the IGP
- If your operations/facilities require an IGP by taking E2 ManageTech's screening assessment
- Risk Management and Compliance strategies to minimize impacts from the IGP
- Perspectives from Regulators, Attorneys, Public Activists, and Environmental Consultants
